A REVIEW OF THE WORK TRANSACTED IN THE

KARNATAKA LEGISLATIVE COUNCIL

2008-2013

CHAPTER - I

GENERAL

Karnataka State is one of the 29 States of India. It has an area of 1,91,791 square Kilometers with a population of 6,11,30,704 (3,10,57,742 males and 3,00,72,962 females) lakhs according to the 2011 census. The State is bounded by Andhra Pradesh and Tamil Nadu in the East, Kerala in the South, Arabian Sea and Goa in the West and Maharashtra in the North.

Taking into consideration of the area of the State, it occupies the 9th place among the States in India and as regards population it takes the 8th place and in terms of percentage of the total population of India, the population of the State works out to 5.347.

Karnataka State was one of the earliest native States in India to start the formation of democratic institutions with a view to associating the representatives of the people in the administration. The Representative Assembly-the Lower House was set up by the Executive Order of the Ruler promulgated on 25th August 1881 and its first meeting was first held on 7th October, 1881 under the Chairmanship of Dewan Sri. C. Rangacharlu and had a Membership of 144. This marked the beginning of the formation of Legislature in Karnataka. This body underwent many changes and was placed on a statutory basis with enlarged powers and functions under a Regulation called the Mysore Representative Assembly Regulation enacted in the year 1923 (Regulation XVIII of 1923).

Since the Representative Assembly had very limited powers, the question of giving greater powers and making it a regular legislative body was urged by the representatives of the people from time to time and with a view to respect their wishes, His Highness the then Maharaja, established a Legislative Council in the year 1907 by the promulgation of Regulation I, in order to associate non-official gentlemen qualified by practical experience and knowledge of local conditions and requirements in the actual process of law making. In the beginning, it consisted of the Dewan as President, two ex-officio Members and such number of additional nominated Members not less than 10 and not more than 15 as may be fixed by the Government from time to time partly from officials and non-officials. The term of Membership

was two years. The Council could consider legislative measures introduced in the Council except measures affecting.

(a) The ruling family;

(b) Relationship of His Highness the Maharaja with the paramount power or with foreign princes or States;

(c) Matters governed by treaties, conventions or agreements;

(d) Extradition of criminals;

(e) European vagrants;

(f) European British subjects;

(g) Post Offices, Telegraph and Railways;

(h) Mysore Military Forces.

All Laws or Regulation made by the Council would become valid after they received the due consent of the Maharaja. By an amendment of the Regulation made in the rule 1915, the Council was permitted to discuss the annual budget, and to put supplementary questions under certain conditions.

In 1919, the strength of the Council was raised to 30 consisting of 12 officials, 18 non-officials and 8 of whom were to be elected. On 27th October, 1923, by a proclamation issued by the Maharaja, further Constitutional reforms were announced on the recommendations made by the Committee appointed under the Chairmanship of Sri. Brajendranath Seal, Vice-Chancellor of the Mysore University.

By Regulation XIX of 1923 promulgated by the Maharaja, the Legislative Council was invested with enlarged powers and functions. The main features of them were that the total strength was raised to 50, not less than 60 per cent consisting of non-official Members and the remainder of official Members nominated by Government and not less than two-third of the non-official Members consisting of Members elected by the Representative Assembly and by the urban, rural and non-territorial constituencies like University, Trade and Commerce, Planning, Labour and the remainder nominated by Government to represent special interest and minorities or for any other cause.

The Council was permitted to vote on demand for grants and move cut motions. The duration of the Council was fixed as three years. But the Government had power to extend it for a period not exceeding one year. The quorum for a meeting was fixed at half of the total Members.

On 15th August, 1925 the first Public Accounts Committee to deal with the Audit and Appropriation Accounts of the Government was constituted. This Committee consisted of seven Members of the Council with one of the Members of the Council of His Highness the Maharaja as Chairman and the First Report of the Committee was issued in the year 1926.

With the growth of political consciousness in the people as a result of agitation carried in the rest of India for the establishment of responsible government, the Government of Mysore appointed in the year 1938 a Committee under the Chairmanship of Sri K.R. Sreenivasa Iyengar for the purpose of examining the working of the representative institutions in the State and to formulate comprehensive proposals as to the further changes, which might be desirable in order to secure the steady and harmonious constitutional progress of the state. The report of the Committee was submitted to the Government on 31st August 1939 and a proclamation was issued by the Maharaja embodying his acceptance of the several reforms suggested by the Committee and directing the Government to take immediate action for their implementation. The government while accepting the recommendation of the committee for the continuance of the two representative institutions in the State observed "that the Representative Assembly embodies the oriental conception of Government while the Legislative Council represents its accidental conception. The two stand in a peculiar relationship to each other. They are not strictly co-ordinate, but supplement to each others function".

Some of the important features of the recommendations accepted by Government were :

(i) in the matter of legislation, a Bill should be first passed by the Representative Assembly and then introduced in the Legislative Council, and after it was passed by the Council sent for assent together with a statement of opinions expressed by the Assembly thereon.

(ii) The strength of the Council was raised from 50 to 68, 44 being filled by election. For the first time the Council was given power to have a non-official as President in place of the Dewan and non-official Deputy President in place of the Member of Council (corresponding to a Minister)

(iii) The elected representatives of the people were also given a place in the Executive Council (corresponding to the present Council of Ministers) so that the Legislature was able to influence the nature

of advice and assistance which the Executive Council tendered to the Maharaja. Dewan and not less than, four Ministers of whom not less than two should be non-officials selected from among the elected Members of the Representative Assembly and Legislative Council and such Ministers were eligible to hold any portfolio of the administration.

An Act embodying the above recommendation of Government was promulgated by His Highness the Maharaja on 30th April, 1940 which was known as the Government of Mysore Act, 1940 and it marked the turning point in the constitutional reforms of the State.

Inagurating the constitutional reforms at a Joint Session of the two Houses on 9th June, 1941, the Maharaja stated as follows:-

"Those who have watched the origin and growth of the political institutions have noted that Mysore has always been in the vanguard of progress. Our Representative Assembly was started 60 years ago when the principle of Representative Institutions was little known and practiced in this continent, at any rate in India."

As this form of Government and Legislature was being tried, a continuous agitation for the setting up of responsible Government under the aegis of the Maharaja was being carried on in the State. Taking note of the wishes of the people, His Highness the Maharaja, by proclamation issued on 29th October, 1947, announced further reforms by expanding the Ministry and making it responsible to the Legislature and setting up a Constituent Assembly comprising of elected representatives for the purpose of framing a Constitution Bill for the State of Mysore providing for responsible Government under his aegis.

The Constituent Assembly was constituted in the year 1947 and when it was in the process of drafting a Constitution for Mysore, political changes of far reaching character were taking place in the rest of India. As a result of those political developments in India, a Constituent Assembly to frame the Constitution for India was established at the Centre and since that body was framing a Constitution for the whole of India it was thought that there was no need to proceed further with the work of the Constituent Assembly of Mysore.

Accordingly, the Maharaja, by a proclamation issued on 25th November 1949, ordered that the Constitution of India adopted by the Constituent Assembly of India shall be Constitution for the State of Mysore and dissolved the two Houses of Legislature, viz., the Representative

Assembly and the Legislative Council on the 15th December, 1949 and further ordered that until such time as the House or Houses of Legislature of Mysore has or have been duly summoned to meet for the first session under the provisions of the Constitution of India, there shall be only one House of the Legislature known as Legislative Assembly of Mysore and that the Constituent Assembly of Mysore be converted as the State Legislative Assembly from 16th December, 1949. Consequently, necessary amendments were made to the Government of Mysore Act, 1940 and the Members of the Constituent Assembly of Mysore became the Members of the Legislative Assembly of Mysore till 1952. In 1952, after the first General Elections, a Legislative Council was constituted in Mysore, which was then a Part B State with 42 Members.

After the implementation of the States Reorganisation Act in 1956, the strength of the Legislative Council of the re-organized Mysore state was increased to 63 under the Legislative Councils Act, 1957 and it remained same until 1987. The strength of Karnataka Legislative Council was increased from 63 to 75 Members by a resolution adopted by Legislative Assembly on 18th August 1986. The resolution to increase the strength of Legislative Council was approved by the Parliament and it received the assent of the President of India on 8th September, 1987.

Under the Constitution, the Council was constituted in 1952. The strength of the Counicl at that time was fixed at 42. Subsequently the strength of the Council was enhanced from 40 to 50 and 50 to 63 on 27th December 1957 and further number of Members of Legislative Council increased from 63 to 75 in the year 1987 consequent on Representation of the People (Amendment) Act, 1987 dated 8th September 1987. Elections are held every second year to fill the seats vacated by the elected retiring Members. Such elections are termed Biennial elections. These elections are usually held before the vacancies occur, in accordance with the system of proportional representation by means of the single transferable vote.

A list of Members of the Council elected and nominated during the period under Review together with the Constituencies is given in **Appendix- I.**

CHAPTER - III

TERM OF OFFICE OF MEMBERS

The term of office of Members of the Legislative Council other than a Member chosen to fill a casual vacancy is six years. But in the case of the first Council constituted after the Constitution of India was enacted, provision was made in the Representation of the People Act, 1951 for the curtailment of the term of office of some of the Members in order that one-third of the Members retire every second year thereafter.

Detailed statement is shown in **Appendix-I (A)**.

In the year 1953, the then Rajpramukh, in consultation with the Election Commission made an order called the Mysore Legislative Council (Term of Office of Member) Order 1953 for that purpose. In the year 1958 another order called the Mysore Legislative Council (Term of Additional Members) Order, 1958 was issued by the Governor as a result of increase in the Membership of the Council by the Legislative Council Act, 1957. A Member chosen to fill a casual vacancy will have the remainder of the predecessor's term of office.

According to section 157(2) of the Representation of the People Act, 1951 the term of office of a Member of the Council begins on the date of publication by the State Government in the Official Gazette of the declaration containing the names of the Members elected as well as persons nominated by the Governor.

CHAPTER- IV

Office of the Governor is five years from the date on which he enters upon his Office and he can also continue after the period of five years till his successor enters the Office.

CHAPTER - V

COUNCIL OF MINISTERS

The executive powers of the State is vested with the Governor and shall be exercised by him either directly or through officers subordinate to him as per provisions of Article 154 of the Constitution. To aid and advise the Governor in the exercise of his functions, the Constitution provides for a Council of Ministers with Chief Minister as its head. The Chief Minister is appointed by the Governor and the other Ministers are appointed by him on the advice of the Chief Minister. The procedure for the appointment of the Chief Minister though not specified in the Constitution is done on the model of the practice followed in England and according to it the Governor soon after the election of the Leader of the majority party in the State Legislature after each general election to the Legislative Assembly calls upon him to form a Ministry and the Leader if he accepts the invitation is appointed as the Chief Minister and on his advice the other Ministers are appointed. The Council of Ministers may consist of only Ministers or in addition, Minister of States and Deputy Minister. If the Council of Ministers consist of Minister of State and the Deputy Ministers also a Committee of the Council of Ministers consisting of Ministers is set up which is called the Cabinet. According to the rules made by the Governor under Article 166(3) of the constitution for the transaction of business of the Government and for the allocation of work among Ministers subjects are allotted among the different Ministers. The rules also provide for detailed working of the procedure for the conduct of meeting of the Cabinet and other allied matters. Since ours is a Parliamentary democracy, the Constitution has provided that the Council of Ministers shall be collectively responsible to the Legislative Assembly of the State.

Notifications issued with regard to the appointment of Chief Ministers / Cabinet Ministers, allocation and re-allocation of portfolios of various Ministers, resignation of Ministers from the Council of Ministers is shown in **APPENDIX - II.**

(C) SUVARNA VIDHANA SOUDHA :

Suvarna Vidhana Soudha was constructed as part of the Government's commitment to the development of North Karnataka and border areas.

The proposal to build a legislature building in Belgaum to counter Maharashtra's claim to the area had been mooted several years ago, but, after Sri H.D.Kumaraswamy became the Chief Minister of Karnataka, this project gained momentum. In 2007, Sri B.S.Yeddyurappa, the then Deputy Chief Minister, who held the finance portfolio allotted funds to build the new legislature building. While it was supposed to come originally at Tilakwadi, it was subsequently relocated to its present location at the Halga-Bastwad area of Belgaum, 10 km from the city and just off the Bangalore-Mumbai highway, which is a part of the Golden Quadrilateral project. The bhoomi puja for the original building was performed by the then Chief Minister, Sri H.D. Kumaraswamy in 2007. Later, Sri B.S. Yeddyurappa, Chief Minister of Karnataka gave momentum for construction of the building at its new venue in 2009 and laid the Foundation Stone for Construction of Suvarna Soudha at Belgaum on 22.01.2009. Suvarna Soudha was renamed as Suvarna Vidhana Soudha by Government prior to inauguration.

His Excellency the President of India Sri Pranab Mukherjee inaugurated the Suvarna Vidhana Soudha Building on 11.10.2012. He addressed Members of both the Houses of Karnataka Legislature in the newly constructed building immediately after the inauguration ceremony.

Details relating to the construction of Suvarna Vidhana Soudha Building and its inauguration are given in **APPENDIX - III.**

Subsequently, the First Session was held in Suvarna Vidhana Soudha, Belgaum from 05.12.2012 to 13.12.2012.

Rule - 59:- Every matter is determined in the House on a question put from the Chair upon a motion made by a Member and resolved in the affirmative or negative, as the case may be. The term 'Motion' means any proposal made for the purpose of eliciting a decision of the House.

An Adjournment Motion is one of the instruments through which a matter of urgent public importance can be raised in the House by interrupting the regular business of the House. The primary object of an Adjournment Motion is to draw the attention of the Government to a matter of urgent public importance so as to influence the decision of Government in an urgent matter in regard to which a motion or resolution with proper notice will be too late.

If there is objection for leave being granted, the Chairman asks the Members who are in favour of leave being granted to rise in their places and if not less than 10 Members rise accordingly, the Chairman intimates that the leave is granted. If less than 10 Members rise, the Chairman informs that the House has not granted leave.

The motion may be taken up for discussion one hour before the time appointed for the conclusion of the Business for the day or at any earlier hour at which the business for the day may terminate after consultation with the Leader of the House. The debate on a motion to discuss a matter of

urgent public importance shall automatically terminate at the end of two hours, if not earlier concluded. No question shall be put after the conclusion of the debate and the only question that may be put shall be "That the Council do now adjourn".

CHAPTER - XIV

LEGISLATION - BILLS AND ORDINANCES

One of the important functions of the Legislature is Legislation or law making. The proposed Legislation is brought before the House in the form of a Bill. A Bill is the draft of an Act. The Constitution of India and rules of procedure have prescribed the procedure to be followed for the introduction, consideration and passing of Bills.

A Member desirous of moving a motion for leave to introduce a Bill shall give Seven days' clear notice before the commencement of a Session of his intention and shall together with the notice submit to the Secretary a copy of the Bill and as explanatory statement of Objects and Reasons [Rule 74]. In the case of a Bill involving expenditure, the Member should send a financial memorandum inviting attention to the clauses involving expenditure and also give an estimate of recurring and non-recurring expenditure involved in case the Bill is passed into Law [Rule 75(1)(2)]. He should also send an explanatory memorandum explaining proposals for delegation of legislative power and drawing attention to their scope and stating also whether they are of normal or exceptional character (Rule 76). If a Bill requires recommendation of the Governor under Article 207 or previous sanction of the President under Article 304 of the Constitution, for introduction, then such recommendation or sanction should be obtained. In the case of Bills seeking to replace an Ordinance with or without modification, a statement explaining the circumstances which necessitated immediate Legislation by Ordinance should be placed before the Council [Rule 77(1)].

If a motion for leave to introduce a Bill is opposed, the Chairman after permitting, if he thinks fit, a brief statement from the Member who moves and from the Member who opposes the motion may, without further debate, put the question. If the opposition is on the ground that the Bill initiates legislation outside the legislative competence of the Council, the Chairman may permit a full discussion thereon [Rule 78].

If the motion for leave to introduce a Bill is adopted, then the Bill is introduced. After introduction the Bill is published in the Gazette [(Rule 79]. Under rule 79, after a Bill has been introduced or in the case of a bill published under Rule 80, the Bill and Statements of Objects and Reasons shall be translated into Kannada and such translations shall be published in the Gazette. Even before introduction, the Chairman may order the

Publication of a Bill in the Gazette if a request is made to him. Such requests made in respect of Official Bills by Government are usually complied with. After such publication there is no need to move a motion for leave to introduce. It can straight-away be introduced and it is not necessary to publish such a Bill again.

Bills other the Money Bills can be introduced in the Legislative Council.

After a Bill has been introduced and copies of the Bill have been made available to the Members for two days, a motion may be moved that the Bill be taken into consideration at once or on some future specified date or the Bill be circulated for eliciting opinion (Rule 81). If the motion is for consideration then an Amendment that the Bill be circulated for eliciting opinion may be moved. At this stage the principles of the Bill and its General Provisions may be discussed, but the details of the Bill are not to be discussed.

If a Bill involves expenditure from the Consolidated Fund then the recommendation of the Governor is necessary for the consideration of the Bill.

If the motion for consideration is passed, then the Member in-charge or any other Member may move that the Bill be referred to a Select or Joint Select Committee [Rule 83].

If a motion is carried, then the Bill stands referred to the Committee. The motion itself contains the names of Members. The Member in charge of the Bill, the Minister in charge of the department and the Law Minister will be Members of the Select or Joint Select Committee and their names are not included in the motion (Rules 229(1) and 224 (1). The House may fix the time within which the report shall be made. If the time has not been fixed the report may be made within Three months. The Chairman of a Select Committee is appointed by the Chairman of the Council, while the Chairman of a Joint Select Committee is elected by the Committee. The date of the first meeting is fixed by the Chairman of the Committee and the subsequent meeting by the Committee. The Committee may hear expert evidence and representatives of special interests. The Committee considers the clauses and approves them. The Committee approves the report. Any Member may give a minute of dissent to the report. The report is presented to the House. The House may re-commit the Bill to the same Committee or a New Committee without limitation or with respect to particular clauses or Amendments.

In setting up a Joint Select Committee the concurrence of the Legislative Assembly is obtained. The number of Member should not exceed 20 excluding 3 *ex-officio* Members. The composition of the Members of the Council and the Assembly will be in the proportion of 3:1. The time and place of the first meeting are fixed by the Presiding Officer of the House in which the Bill originated. The Joint Select Committee follows the same procedure as a Select Committee.

A Committee should sit within the precincts of the Houses and with the Chairman's Permission may sit outside the precincts.

Then a motion 'that the Bill or the Bill as Amended be Passed' is moved. No amendment which is not formal or of verbal character is allowed to be moved at this stage. The discussion on such motion is confined to the submission of arguments either in support of the Bill or for the rejection of the Bill. A Member should not refer to details of the Bill.

After a Bill is passed, it is certified as such by the Secretary and transmitted to the Legislative Assembly for concurrence with a message to the effect.

When a Bill passed by Council is returned by the Assembly with amendment, the Council may agree to the amendment or disagree or agree with further amendment. If the Council agrees with the amendment made by the Assembly a message intimating its agreement is sent to the Council does not agree with the amendment, then a message is sent to the Assembly that the Amendment is not agreed to. If the Council agrees to the Amendments or any of them with further amendments or proposes further amendments in place of amendments made by the Assembly, the Bill as further amended with a message to that effect is sent to the Assembly. If the Bill is returned with a message intimating that the Assembly insists on Amendments to which the Council has not agreed or does not agree to the further amendments made in the Bill by the Council, the Council may either (i) agree to the Bill as passed by the Assembly or (ii) allow the Bill to lapse.

In the case of a Bill which have originated in the Assembly and received in the Council for its concurrence, there is no introduction of such Bills. But copies of Bills as passed are laid on the table. The motion for consideration is moved and adopted; the clauses are considered and pass the Bill as Passed.

A Money Bill, after it has been passed by the Assembly is transmitted to the Council for its recommendations. The Council has to return the Bill within 14 days with its recommendations. If the Council does not return the

Bill within 14 days with its recommendations, the Bill is deemed to have been passed by both Houses.

If a motion for circulation of a bill for eliciting opinion is passed, then opinions are gathered. The Member in charge will then have to move that the Bill be taken into consideration and if that motion is carried he shall have to move further that it be referred to a committee unless the Chairman suspends the rule.

After the presentation of a report by the Select or Joint Select Committee the case of Bills referred to a committee the Member in charge has to move a motion that the Bill as reported by the Committee be taken into consideration or the Bill be Re-committed. If the Member moves that the bill as reported be taken into consideration, any Member may move an amendment that the Bill be re-committed or be circulated. The debate on such a motion is continued to consideration of the report and the matters referred to in that report or any alternative suggestions consistent with the principles of the Bill.

After the motion for consideration of the Bill is carried or the motion for referring a Bill to a Committee has been negative or the motion that the Bill as reported by the Select or Joint Select Committee be taken into consideration is carried, the Chairman may proceed to submit the Bill or any part of the Bill to the Council Clause by Clause.

When clauses are taken up, amendments are allowed to be moved. An amendment should be within the scope of the Bill and should be relevant to the subject matter of the clause. It should not be inconsistent with any previous decision. An amendment to delete a clause is inadmissible as it is open to the House to vote down a clause when clauses are put to vote. In the case of a Bill to amend an Act the amendment should relate only to the section that are being amended. If an amendment is adopted, then the clause as amended is put to vote. Clause one is taken up at the end. The other clauses and the Schedules are put either together or individually. Then clause 1, the preamble and the title are put to vote.

If a Bill passed by both Houses is returned by the Governor or President for re-consideration, then the points referred for consideration are put before the Council by the Chairman and are discussed and voted like amendments.

During the Period under review:-

(a) 193 Bills passed by the Assembly were laid on the Table of the Council and passed;

(b) Out of 33 Bills introduced in the Council, 11 were passed and transmitted to Assembly.

ASSENT TO BILLS:

When a Bill has been passed by both the Houses, it is presented to the Governor who gives his assent or withholds assent or reserves it for the consideration of the President or returns it (non-Money Bills) for re-consideration.

Details of Bills introduced, Passed and assented by President/Governor are shown in **APPENDIX - XIV**.

ORDINANCES:-

When the Houses of the Legislature are not in Session, the Governor has power to promulgate ordinances. Article 213 of the Constitution provides that except when both the Houses of Legislature are not in Session the Governor if he is satisfied that circumstances exist which render it necessary for him to take immediate action, may promulgate an ordinance. An ordinance has the same force and effect as an Act. Every ordinance has to be laid before the Legislature. The ordinance will cease to operate at the expiration of six weeks from the reassembly of the Legislature. It will also cease to operate, if within those six weeks a resolution disapproving the same has been approved by both the Houses. An ordinance can be withdrawn at any time by the Governor or replaced by a Bill. Details of Ordinances issued are shown in **Appendix- XV.**

Copies of Ordinances issued have to be made available to the Members of the Council and Members have an opportunity of moving a resolution, disapproving the Ordinance within six weeks from the re-assembly of the Council, after giving 3 days' clear notice of the resolution.

If a Bill to replace an Ordinance is introduced then the Resolution for disapproval of the Ordinance and the motion for consideration of the Bill are both included in the list of business on the same day and taken up together. After discussion, the resolution is put to vote first and then if the resolution is negatived the motion is put. If objection is taken for discussing the resolution and the motion for consideration together, they are discussed separately, the Resolution being discussed first and thereafter to dispose the motion for consideration.

CHAPTER - XV

FINANCIAL BUSINESS

(A) GENERAL DISCUSSION:

One of the important functions of the Legislature is financial control. The Constitution provides that the Governor, in respect of every financial year, should cause to be laid before the Houses of Legislature a statement of the estimated receipts and expenditure or the Annual Financial statement. The Annual Financial Statement or Budget is presented to the Legislative Assembly by the Finance Minister on such date as the Governor may fix, and on the same day it is also laid before the Council. The estimate of expenditure shows separately the expenditure charged on the Consolidated Fund and other expenditure.

Consolidated Fund is a fund formed by all revenue received by the Government, all loans raised by the Government by issue of treasury bills, loans and ways and means advances and all moneys received by the Government in repayment of loans.

The estimate of expenditure also distinguishes expenditure on revenue account from other expenditure. The emoluments and allowances of the Governor and other expenditure relating to his office, the salaries and allowances of the Speaker and the Deputy Speaker, the Chairman and the Deputy Chairman are among the items of expenditure charged on the Consolidated Fund.

The Budget is dealt with by the Council in two stages viz., general discussion and a consideration of Appropriation Bill. The Chairman allots time for the general discussion on the Budget. The discussion begins on a day subsequent to the day on which the Budget is presented. The discussion is on the Budget as a whole or on any question of principle involved therein. The Finance Minister or any other Minister on his behalf replies to the debate.

(B) VOTE ON ACCOUNT:

The Budget for ensuring financial year is presented to the Legislature in the current financial year and is discussed and the necessary Appropriation Bill passed before the close of financial year to enable payments to be made out of the consolidated fund from the 1st of April of the year. If it is found that sufficient time is not available to get through all the stages before the close of the financial year, there is a provision in the

Constitution for making grants in advance for part of a financial year pending the completion of the necessary procedure for the grant of the amount by the Legislature. This is called 'Vote on Account'. The discussion on a Vote on Account is considered to be a formal affair as the House as an opportunity of discussing the Budget in detail at the time of the General discussion. During the period under review, there was discussion on Vote on Account.

An opportunity has been provided to the Members to putforth their views and suggestions; the Chairman will allot a time in consultation with the Leader of the House for discussion on the policy and working of the Government departments.

Statement showing the dates of presentation, of the budget, general discussion on budget, reply by the Government, etc., are given in **APPENDIX-XVI**.

(C) SUPPLEMENTARY AND ADDITIONAL GRANTS :

If the amount granted by the Legislature for a Particular Service during the current financial year is found insufficient for the purpose, there is a provision in the Constitution for the grant of supplementary or additional grants for that year. In such cases the Governor causes to be laid before the Houses of Legislature a statement showing the estimated amount of such additional expenditure. The Rules of Procedure has made a provision for discussion of such estimates in the Council and the discussion is confined to the items included in the estimates and no discussion on the original grant or policy underlying them can be raised except by way of illustration of any particular item under discussion. After the estimates have been discussed an Appropriation Bill is brought and passed.

(D) EXCESS GRANTS:

In certain cases, money will be spent on a service during a financial year in excess of the amount granted by the Legislature for that service and such excess of expenditure is brought to the notice by the Accountant General and the Public Accounts Committee which goes into those accounts recommends the regularization of such excess expenditure and when Appropriation Bill in that behalf passed by the Assembly is received in the Council. The procedure followed in the case of demand for grants is follwed in the case of excess grants also. Debate on excess grants is restricted to

the particulars contained in the estimates on which the grants are sought. The Debate cannot touch the policy underlying the demands, and Appropriation Bill is also passed.

(E) CONTINGENCY FUND:

Money cannot be spent without the specific authorization of the Legislature by law. Sometimes the Government finds that there is urgent necessity to spend money if the money earlier sanctioned has already been spent or for a new service which was not contemplated earlier. To meet such emergency provision has been made in the Constitution for the creation of fund called the Contingency fund from which such expenditure can be met. The Contingency Fund is in the nature of an impressed. The amount to be paid into such fund has to be determined by Legislature by law. The Karnataka Legislature has fixed the fund at Rupees Twenty Corers by the Karnataka Contingency Fund act, 1957, as amended in 1965 and 1976. This amount is placed at the disposal of the Governor. This amount is made out of this fund for meeting the unforeseen expenditure as stated above, such expenditure has to be authorized by law in due course and the amount advanced will be recouped to the Contingency Fund.

RESOLUTION EMPOWERING PARLIAMENT TO LEGISLATE ON MATTERS WITH RESPECT TO WHICH IT HAS NO POWER TO MAKE LAWS

The Parliament has exclusive power to make laws with respect to any of the matters enumerated in list I of the Seventh Schedule of the Constitution. Article 249 also empowers Parliament to legislate with respect to a matter in the State List in the national interest provided the Council of States has passed a resolution that such a law is necessary or expedient and it will have effect for one year, but may be continued for further periods not exceeding one year at a time. Besides according to Article 252 of the Constitution, if two or more States desire that matters with respect to which Parliament has no power to make laws for the States should be regulated in such States by Parliament by law, then resolutions to that effect are to be passed by the Houses of Legislature of those States accordingly. No such Resolution was passed during the period under review.

CHAPTER - XIX

CONGRATULATORY AND CONDOLENCE RESOLUTIONS

The Rules of Procedure provide for passing of a resolution of congratulation and condolence or for making a reference of congratulation and condolence with the permission of the Chairman and rules relating to resolutions apply to such resolutions. When only a reference is made, the formal resolution is not moved.

Condolence references are made in respect of the death of both past and present Members of parliament & both Houses of Legislature and also in the case of dignitaries who may not be Members of the Legislature. The references are made either at the commencement of the sitting or after question hour. CHAPTER - XX

PRIVILEGES

Privilege is a peculiar right enjoyed by a House of Legislature collectively and by its Members individually. A simple definition of privilege is that it is "an exceptional right of exemption." It is an exemption from some duty, burden, attendance or liability to which others are subject. It means that the Members of the Legislature are placed on a higher pedestal than the ordinary citizens of the land while discharging their duties as Members of the Legislature. Whenever these rights are disregarded or attacked by any individual or authority, it is called as 'breach of privilege' and such breaches are punished by the House. The Constitution of India, in Article 194, has laid down that certain privileges are available to the Members of the Legislature like, freedom of speech, immunity for a Member from action in a Court for anything said or any vote given in the House or its Committees and also immunity to the person who arranges publication of proceedings, etc., under the authority of the House. The subject of codification of privileges available to the Members of the Legislature being a complicated one, the framers of the Constitution have instead of enumerating the privileges available to the Members stated in the Constitution that apart from the privileges mentioned in Article 194 (1) and (2), the other privileges till defined by the Legislature would be the same as those of the House of Commons of the Parliament of the United Kingdom and of its Members and Committees as they stood at the commencement of the Indian Constitution. The other privileges of the House of Commons may briefly be stated as freedom from arrest and molestation right to exclusive cognisance of matters arising within the House, right to inflict punishment or breach of privilege and contempt, etc.

A Member wishing to raise a matter of privilege has to give notice of the same to the Secretary (Rule 175). If the Chairman gives his consent for raising the matter the Member has to ask for leave of the House to raise the matter. If ten or more Members rise in their seats, leave is then granted. After leave is granted, the House may consider the matter itself or refer the same to the Committee of Privileges. The Chairman may also refer a matter of privilege by himself to the Committee of Privileges. If the House decides to consider the question of privilege it does so and comes to a decision. If the

matter is referred to the Committee of Privileges, the Committee goes into the question and if necessary, summons persons concerned to appear before the Committee and after going into the question in great detail, comes to a decision and presents the report to the House. If any further action is suggested in the report by the Committee, the House pursues the matter; otherwise, the matter rests with the presentation of the report of the Committee.

During the period under review 10 cases of breach of privileges were referred to the Privileges Committee. The details of which are given in **APPENDIX - XIX**.

CHAPTER - XXI

ARREST AND RELEASE OF MEMBERS

Freedom from arrest is one of the privileges enjoyed by the Members of the House of Commons and since the privileges of the Members of the State Legislature have been equated with those of the Members of the House of Commons, this privilege is enjoyed by the Members of the Karnataka Legislative Council also. The freedom from arrest is restricted to civil cases only. In England, a Member cannot be arrested under civil process during the period of the Session and also 40 days before the commencement of the session and 40 days after prorogation. But, this privilege is not available in the case of criminal process of preventive detention. The only privilege is that the Chairman should be informed of the arrest, claimed in criminal arrests or preventive detention conviction or release at the earliest possible moment. On receipt of such intimation, the Chairman has to communicate the same to the House, if in session, or through a Bulletin during non-session period. The Rules of Procedure have prescribed the form in which such fact of arrest, detention, conviction or release has to be communicated to the Chairman.

During the period under review, the intimation about the arrest and release of the Members conveyed to the House by the Chairman is furnished in **APPENDIX - XX**.

CHAPTER - XXII

PETITIONS TO THE COUNCIL

The Rules of Procedure provide that any Member may present a petition, to the Council after obtaining the previous consent of the Chairman relating to a Bill pending in the Council. If a Member does not present the petition personally, he should send it to the Secretary who shall report it to the Council.

A Petition must be addressed to the Council, dated and signed by the petitioner and should be couched in respectful and temperate language and conclude with a definite prayer. It should be in English or Kannada language. If it is in any other Indian language, it should be accompanied by a Kannada or English translation and signed by the petitioner.

A Member presenting a petition to the council should confine himself to a statement of the parties from whom it comes, of the number of signatories and of the fact contained in it. Every petition shall, after presentation by a Member or report by the Secretary stand referred to the Committee on Petitions **(Rule 137**).

List of Petitions presented to the Council is given vide **APPENDIX-XXI**.

CHAPTER - XXIII

MISCELLANEOUS HOUSE MATTERS

(A) WITHDRAWAL AND SUSPENSION OF MEMBERS:

The Chairman presides over the meetings of the House. He regulates Debates and sees that Rules are observed by Members. He preserves order in the House. If a Member's conduct is in gross disorder, the Chairman may ask that Member to withdraw immediately from the House. Such a Member should withdraw forthwith and absent himself during the remainder of the day's sitting (Rule 306). When a Member disregards the authority of the Chairman or abuses the rules by persistently and willfully obstructing the business of the House, the Chairman may name him. On such naming a Member has to withdraw from the precincts of the House. During the period under review, there was no occasion when action was taken by the Chairman in this regard.

(C) WALK OUTS:

Whenever Members are not satisfied with the attitude of either the Government or Presiding Officers for some of the requests made by them, they adopt the procedure of staging a walk-out to show their displeasure. Walk-outs have of late become one of the methods of showing the displeasure of Members and there have been many instances in the Council when Members of the Opposition have taken resort to it.

During the period under review, the incidents of Walk-outs that were occurred are shown in **APPENDIX - XXII (B).**

(D) DIVISIONS:

Any matter requiring the decision of the Council is brought forward by means of a motion. A motion is moved by a Member and in certain cases, it has to be seconded by another Member. The Chairman reads the motion to the House and afterwards Members speak on it. On the conclusion of the

debate, the Chairman, in the case of substantive motions, puts the motion to the vote of the House if the motion is not sought to be withdrawn by the Member. The decision on the motion is decided by voice vote. If the opinion of the Chairman as to the decision of a question on the voice vote is challenged, the Chairman has to take a division and for that the division bell is rung for two minutes and at the end the question is again put and he declares the decision of the House. If the decision is again challenged, he will ask the Members who are for "aye" and those who are for "no" respectively to rise in their places and on a count being taken declare the determination of the Council. The names of voters are not recorded. Only the number voting for and against is noted. If the Chairman does not adopt this course, he can have a division taken in such other manner as he may determine.

During the period under review Division took place on the following issue

1) On 08.07.2010 The Karnataka Prevention of Cow Slaughter and Cattle Preservation (Amendment) Bill, 2010 was introduced in the House and put for Division

2) On 08.07.2010 Sri M.C. Nanaiah moved motion to refer the Bill to the Select Committee and put into Division

Such a Member should forward one day in advance a copy of the statement to the Chairman and the Leader of the House. The statement to be made shall be after the question hour and before the list of business for the day is entered upon and there is no debate

on such a statement, but, after it has been made, a Minister may, make a statement pertinent thereto (Rule 164).

During the period under review no statements were made in the House.

(G) PERSONAL EXPLANATION BY MEMBER:

In Rules of Procedure, provision has been made for a Member to make a Personal explanation with the permission of the Chair, though there may be no question before the House in that behalf. In such cases, there will be no debate, but the Member will be permitted to make a Personal explanation only (Rule 311).

During the period under review no Member made any personal explanation in the House.

(H) RESIGNATION BY MEMBERS:

The seat of a Member becomes vacant, if the Member resigns his seat by writing under his hand addressed to the Chairman, or becomes disqualified under Article 190 of the Constitution. In the case of resignation by Members a form in which a Member has to give his letter of resignation has been prescribed in the Rules of Procedure. The form merely states that the Member is resigning his seat with effect from a particular date and the Member need not give any reason for his resignation and it is also not necessary that the resignation has to be accepted by the Chairman. But, in case of doubt regarding the genuineness of the signature of the Member in the letter of resignation, the Chairman may satisfy himself before taking further action in the matter.

On receipt of a letter of Resignation, the Chairman informs the House if in session, about the resignation of the Member and if the House is not in Session, informs when the House meets next. Editor of Debates supervises the work of Editing Branch. Four senior Recording Officers are posted to work as Assistant Editors of Debates. Reporting and Editing Branches work under the overall supervision of Chief Editor of Debates.

The Editor of Debates and the Chief Editor of Debate have the responsibility of streamlining, scrutinizing and correcting mistakes and preparing for printing of these proceedings. Before that, the Assistant Editors of Debates have to execute the following duties:

1. After the session is over, the case-worker of the Editing Branch will gather and process the proceedings of the respective day and forward. Three sets of such proceedings pertaining to a single day would be prepared.
2. The Assistant Editors of Debates would scrutinize the single day's proceedings gathered as above and see that the enclosures like Starred Questions and Answers, Un-starred Questions and Answers, Papers laid on the table, Statements of Ministers, Publications of the Hon'ble Chairman, Bills etc., are properly enclosed. If these enclosures are not found, they will get them from the concerned Reporters, Legislation Branch, concerned Minister's Office and the Departments through the Editors of Debates and attach them to the day's proceedings at their proper places. In this manner, at the outset, each day's proceedings will be prepared completely with all its enclosures. It will take about one month time after the session is over to prepare complete sets of reports with all their necessary enclosures as above.
3. All the enclosures will have to be enclosed as above to the first set which is sent to Press for printing (Press Set) and the set to be sent to Committee on Assurances. The remaining Office Set may also contain enclosures if copies are available. In this way, a complete set will be kept for editing purpose. Another set will be sent to Assurance Committee for sorting out Assurances.
4. After preparing the proceedings as above, a detailed index will also be prepared for each day's proceedings. The brief record prepared by the Legislation Branch will also be obtained and compared for cross reference while preparing the index.
5. Later, excluding the Press Set, the remaining three sets will be sent for binding. One set of binded copy will be sent to Assurance Committee. The Office copy will be kept in the office.

This is the first step in the direction of processing the proceedings for editing work. For this purpose, the proceedings would be distributed equally among the four Assistant Editors of Debates. This will be done with the help of the Assistant Editors of Debates and Assistants of the Branch. If the session is held for a long period, this work of preparation would take more than one month of time.

After this preparation work, the proceedings (Press Set) would be taken up for editing. For this purpose, the proceedings of all the days would be distributed among the four Assistant Editors of Debates by the Editor of Debates. In all, one Assistant Editor of Debates would be distributed with 15 to 20 days' of proceedings in a year. Each Assistant Editor of Debates would have to scrutinize about 7000 (seven thousand) pages of proceedings in a year.

While doing the editing work, the Assistant Editors of Debates will have to execute the following duties:

1. Since the proceedings are permanent authorized documents, they will have to read them carefully while editing.
2. When there are ambiguities, the recorded cassettes will have to be listened and the concerned Reporter is called and his written proceedings will have to be examined before applying corrections.
3. In the portion where there are many corrections, that portion will be sent to Reporters for re-reporting. A new report prepared as above will be placed in the proceedings.
4. The spelling mistakes, the names of persons and names of villages, other technical words will have to be corrected carefully.
5. The unnecessary portions in the Questions and Answers and Statements will have to be struck off.
6. The matters discussed under several rules during a day will have to be given a proper heading.
7. The Bills, Resolutions, and the adopted portions will have to be maintained properly. If there are any defects, those defects will have to be properly got corrected by the Reporters.
8. In this way, the Assistant Editors of Debates will execute the editing work carefully and in a comprehensive manner.

As already mentioned above, after the session is over, it will take more than one month to prepare the Press Set (set for printing), Assurance Committee Set and Office copy along with contents.

Afterwards, each Assistant Editor of Debates will edit the proceedings of about 15-20 day's and prepare them for printing. In this way, each Editor of Debates will read and correct not less than 25 to 30 pages every day. After the editing work is over, the Editors of debates would quickly examine the same and sent it to the Government Press for printing.

Besides this, the editors attend various committee meetings of the Karnataka Legislative Council and also the meetings of Honorable Chairman and the officers of the Legislature and prepare the proceedings of the meetings.

FINANCIAL COMMITTEES:

When the Budget is presented, the Legislature discusses the budget in a general way. The Legislature has neither the time nor the machinery to make a detailed examination of the estimates. It only lays down broad policies and leaves the other things to the Executive.

The Finance Department in the normal course of its duties exercises control over the expenditure of the various departments of Government. The Comptroller and Auditor General audits the Accounts of the State and of Public Undertakings. According to Article 151 of the Constitution the reports of the Comptrollers and Auditor General are submitted to the Governor who caused them to be laid before the Legislature. To have greater and effective control over the departments of Government and the Public Undertakings, a system of Financial Committees has been evolved. The Public Accounts Committee, Estimates Committee and Public Undertakings Committee of the Legislature perform this function.

(G) PUBLIC ACCOUNTS COMMITTEE :

The Committee on Public Accounts is one of the three standing financial Committees of the Legislature. The tenure of the Committee is one year and the Committee is reconstituted ever year. The Committee consists of 15 Members from the Legislative Assembly and 5 Members from Legislative Council elected by the Members of the respective Houses according to the principles of proportional representation by means of single transferable vote.

The Chairman of the Committee is appointed by the Speaker from amongst its Members. Conventionally, the Leader of Opposition is required to be appointed as the Chairman. If the Leader of Opposition is not a Member of the Committee, a senior Member of the Committee belonging to the opposition party is appointed / nominated as Chairman. A minister cannot be a Member of the Committee. If a Member of the Committee is appointed as Minister he ceases to be a Member of the Committee ipso-facto from the date of such appointment.

The Public Accounts Committee plays a vital role in ensuring the accountability of executive to the Legislature. The Committee's primary responsibility is to examine the paras appearing in the reports of the Comptroller and Auditor General of India, which are caused to be laid before the Houses by the Governor in terms of provisions contained in article 151(2) of the Constitution of India. The Committee holds discussion of the Paras and Review appearing in the Reports of C &AG on General and Social Sector, Economic and Revenue Sector. In addition Report on State Finances, Appropriation and Finance Accounts are also discussed. Based on the Departmental Notes received and the deliberations of the committee, the committee finalises its report duly incorporating the recommendations on measures to be taken to improve the quality of expenditure and to correct systemic deficiencies, besides enforcing accountability where warranted.

Functions of the Committee:-

The main function of the Committee is examination of the appropriate accounts showing the appropriation of sums granted by the House for the expenditure by the State Government, the annual finance accounts of the State Government and such other accounts laid before the House as the Committee may think fit. The Appropriation Accounts, finance accounts and the report of the Comptroller and Auditor-General of India on the accounts of the Sate relating to various departments generally form the basis on which the Committee functions. In scrutinizing the appropriation accounts of the State Government and the report of the Comptroller and Auditor General thereon, it is the duty of Committee to satisfy itself:-

(a) that the moneys shown in the accounts as having been disbursed were legally available for and applicable to the service or purpose to which they have been applied or charged;

(b) that the expenditure conforms to the authority which governs it; and

(c) that every re-appropriation has been made in accordance with the provisions made in this behalf under rules framed by competent authority.

It shall also be the duty of the Committee:-

(a) to examine the statement of accounts showing the income and expenditure of State Corporation, trading and manufacturing schemes, concerns and projects together with the balance sheets and statements of profit and loss accounts which the Government may have required to be prepared or are prepared under the provisions of the statutory rules regulating the financing of a particular corporation, trading or manufacturing schemes or concern or project and the report of the Comptroller and Auditor General thereon;

(b) to examine the statement of accounts showing the income and expenditure of autonomous and semi-autonomous bodies, the audit of which may be conducted by the Comptroller and Auditor-General under competent authority; and

(c) to consider the report of the Comptroller and Auditor-General in cases where he may have been required to conduct audit of any receipt or to examine the accounts of stores and stocks.

Further, if any money has been spent on any service during a financial year in excess of the amounts granted by the House for that purpose, the Committee shall examine with reference to the facts of each case, the circumstances leading to such an excess and make such recommendation as it may deem fit.

Public Accounts Committee shall not exercise its functions in relation to such Public Undertakings as are allotted to the Committee on Public Undertakings.

In the Thirteenth Assembly, Public Accounts Committee was first constituted on 25th August 2008, and thereafter on 29th September 2009, 19th October 2010 and 29th November 2011. The primary responsibility of the Public Accounts Committee is to examine the paras appearing in the reports of the Comptroller and Auditor

General of India, which are caused to be laid before the Houses by the Governor in terms of provisions contained in article 151(2) of the Constitution of India. Audit reports pertaining to Local Bodies and Panchayat Raj Institutions were being discussed in the Public Accounts Committee before the constitution of separate Committee on Local Bodies and Panchayat Raj Institutions. In view of the excess work load, it was not possible for the Committee on Public Accounts to discharge its functions efficiently.

Further, in the light of the proposal of the Ministry of Rural Development and Panchayat Raj, Government of India, to constitute a separate Committee for Local Bodies and Panchayat Raj Institutions, the 11th Finance Committee, has issued guidelines for maintenance of Accounts and Audit of Local Bodies and Panchayat Raj Institutions. The Rules Committee after examining in detail the functioning of Committees of Local Bodies existing in other States, recommended to constitute a Committee on Local Bodies and Panchayat Raj Institutions by inserting Rule 266A in Rules of Procedure and Conduct of Business in Karnataka Legislative Assembly. The said amendment was adopted by the House on 12th March 2010. Thus, the Committee on Local Bodies and Panchayat Raj Institutions was constituted to discuss and submit its recommendations on the Audit Reports of Local Bodies and Panchayat Raj Institutions on par with the system prevailing in the States of Gujarat, Punjab, Kerala and Maharashtra.

Functions of the Committee:-

a) To examine the accounts showing the appropriation of sums granted for the expenditure of Local Bodies and Panchayat Raj Institutions, the annual finance accounts of the State Government and such other accounts as the Committee may think fit.

b) To scrutinize the Appropriation Accounts of the State Government and the reports of the Comptroller and Auditor General thereon laid before the House.

c) To examine whether the Local Bodies and Panchayat Raj Institutions are performing there duties, in accordance with the law, bearing in mind the autonomy of the local Bodies and Panchayat Raj Institutions.

d) To examine any other points if referred to the committee by the Hon'ble Speaker with reference to the objectives of Local Bodies or Panchayat Raj Institutions.

Provided, that the Committee shall not examine and investigate thereon any of the following namely:-

(I) COMMITTEE ON PUBLIC UNDERTAKINGS:

There has been a tremendous growth in the investment of the Government in various Commercial Enterprises with the introduction of planned economic development in the Country and the adoption of industrial policy resolutions, the Government invested substantial funds in the Public sector enterprises. Ensuring of the competent performance of such public enterprises and the proper utilisation of funds financed from the consolidated fund naturally come under the purview and control of the Houses of Parliament and State Legislature. In Karnataka such control was being exercised through the Estimate Committees and the Public Accounts Committees till 1969, however, it became necessary to constitute a separate Committee for reviewing the performances of such enterprises. With the increased investments in public enterprises as well as their growth in number, a Public Undertakings Committee of Karnataka Legislature consisting of 9 Members elected from Legislative Assembly and 3 from the Legislative Council for a period of one year was constituted in 1969. Presently, the Committee consists of 15 Members elected from Karnataka

Legislative Assembly and 5 from Karnataka Legislative Council. The Chairman of the Committee is nominated by the Hon. Speaker from among the elected Members and the Committee is now known as Committee on Public Undertakings (COPU).

FUNCTIONS:

The functions of the Committee are:

b) to examine the commercial reports of the Comptroller and Auditor General of India on the Public Undertakings;

c) to examine in the context of the autonomy and efficiency of Public Undertakings, whether the affairs of Public Undertakings are being managed in accordance with sound business principles and prudent commercial practices and

The Principal Accountant General, Principal Secretary, Department of Public Enterprises and the Finance Secretary are invited as and when required to the meetings of the Committee to participate in the deliberations. The Principal Accountant General (ERSA), Karnataka, assists the Committee by pointing out the importance and impact of the observations made out in the Reports of the Comptroller and Auditor General of India on the commercial functions/activities of the undertakings. However, the Committee is also empowered to examine other points suo-moto.

The Secretaries to Government shall appear in person before the Committee to tender evidence, after furnishing detailed replies to the observations of C & AG / the Committee. The Secretaries are invariably assisted by the Chief Executives of the Public Undertakings.

SELECTION OF TOPICS / SUBJECTS FOR EXAMINATION:

a) The Committee shall select from time to time for examination of the Public Undertakings mentioned in the Schedule as it deems fit.

b) The programme of work for examination of any subject may be determined by the Committee from time to time.

Presently, there are 76 working Companies including Statutory Corporations, (including 619 – B Companies) and 14 non-working companies under the purview of the Committee (Appendix-I). As it would not be possible for the Committee to examine all the Annual reports or Accounts of all these 76 working Public Undertakings within the short tenure of one year, the examination is done selectively based on seriousness and financial impact of the matter reported. In addition, the Committee undertook, suo-moto, comprehensive examination of certain cases involving misappropriation, infructuous expenditure, loss and fraud caused to the company. The finding thereon along with recommendation for exercising greater professionalism and accountability are submitted in the form of Reports to both the House of Legislature.

During the period, out of the 185 days available for meeting, the Committee held 192 Meetings. During the Study tour outside the State and Country, meetings were held on day to day basis. This amounted to effective utilisation of the number of days available for conducting the meetings. The Committee also conducted local inspections and reviewed the functioning of the Companies / Corporations.

The Committee directions, instructions and recommendations and the follow-up actions through Action Taken Reports impacted an improvement in the functioning and management of Companies.

The Composition of the Committee, reports prepared and presented and Study tours undertaken by the Committee are in **APPENDIX - XXIII (I)**

(J) COMMITTEE ON SUBORDINATE LEGISLATION:

One of the functions of the Legislature is to make laws. Law includes Acts, Rules, Regulations, Proclamations, Notifications and Government Orders etc. The Legislature in a State is called upon to consider Bills and pass them quickly. Both the Houses of Legislature cannot pay greater attention to matters in detail. The Legislature naturally decides the basic policy leaving the executive to work out details within the framework of the law made by it. Thus, when the Legislature delegates some of its powers to the Executive to work out details and make rules, etc., to carry out in full and in proper manner the purposes of the Act made by it, delegated legislation comes into being.

In order to prevent the Executive from abusing its power of Legislations, the supreme Legislature must keep an eye over the exercise of such power. It is necessary to see whether the Executive has framed Regulations, Rules and issued Notifications, Orders, etc., in pursuance of the delegated powers and whether such Rules, Regulations, Orders, Notifications, etc., carry out in full and in proper manner, the purpose of the Act. A Committee of the Legislature known as “Committee on Sub-ordinate Legislation” is constituted for this purpose.

This is one of the standing committees of the Legislature. In Karnataka, the Committee on Sub-ordinate Legislation was first set up in the year 1959.

Rules 276 to 280 of the Rules of procedure and conduct of Business govern the constitution and functions of the Sub-ordinate Legislation Committee.

This Committee is a Joint Committee consisting of both Assembly and Council Members. Initially, when Committee was constituted the strength of the Committee was 12, i.e., 8 Members elected from Legislative Assembly and 4 Members elected from Legislative Council. Further as per Notification No. LGA/47/Misc/98 dated 27-3-1998, it was increased from 12 to 17 i.e., 12 Members elected from Legislative Assembly and 5 Members elected from Legislative Council and again as per Notification

No.LGA/47/Misc/2000, dated 17-3-2000 the strength of the committee was increased to 20 Members i.e., 15 Members elected from Legislative Assembly and 5 Members elected from Legislative Council. The Members of the Committee are elected according to the principle of proportional representation by means of single transferable vote under Rule 277(1). One-third of the total number of Members of the Committee constitutes the quorum of the Committee meetings.

The Committee shall hold office for a term not exceeding one year. The Chairman of the Committee is nominated by the Hon'ble Speaker.

Functions of the Committee are:-

1. As soon as may be, after each 'regulation,' 'rule,' 'sub-rule', 'bye-law', etc., made in pursuance with the provisions of the Constitution or in exercise of the powers delegated by Parliament or the State Legislature is laid before the House or published in the Gazette, the Committee shall, in particular, consider:

(i) whether it is in accordance with the general objects of the Constitution or the Act pursuant to which it is made;

(ii) whether it contains matter which in the opinion of the Committee should more properly be dealt within an Act of Legislature;

(iii) whether it contains imposition of any tax;

(iv) whether it directly or indirectly bars the jurisdiction of the courts;

(v) whether it gives retrospective effect to any of the provisions in respect of which the Constitution or the Act does not expressly give any such power;

(vi) whether it involves expenditure from the Consolidated Fund of the State or the Public Revenues;

(vii) whether it appears to make some unusual or unexpected use of the powers conferred by the Constitution or the Act pursuant to which it is made;

(viii) whether there appears to have been unjustifiable delay in its publication or in laying it before the Legislature and;

(ix) whether for any reason its form or purport calls for any elucidation;

If the Committee is of opinion that any order should be annulled wholly or in part, or should be amended in any respect, it shall report that opinion and the ground thereof to both the Houses of Legislature.

If the Committee is of opinion that any other matter relating to any orders should be brought to the notice of both the Houses of the Legislature, it may report that opinion and matter to both the Houses of Legislature.

RESEARCH AND REFERENCE BRANCH

The functions of the Research and Reference Branch is to assess broadly in advance the information requirements of Members by anticipating and identifying subjects of current parliamentary interest including legislative measures on which Assembly/Council is likely to undertake discussions and which are likely to generate demands from Members for detailed information and data.

PRESS CLIPPING SERVICE:

The Press Clipping service was started with the objective of speedy disposal of references from Members of Legislature on current topics. The scope of the service has considerably increased over the years and accordingly it is now organized more methodically to serve as an essential reference source. The service collects all important, relevant and up-to-date news items, editorial comments and articles on developments in the legislative, political, economic, socio-cultural, scientific and technological fields. The clippings are taken from 6 Kannada and 4 English Newspapers. Kannada newspapers are – Prajavani, Kannada Prabha, Vijaya Karnataka, Vijaya Vani, Samyuka Karnataka and Udayavani. English newspapers include Deccan Herald, Indian Express, The Hindu and Times of India.

Press clippings are maintained chronologically in subject folders. Press clippings are used extensively by Members, Research and Reference staff and Research scholars and also by different Branches of the Secretariat particularly the Committee Branches.

The scrutiny of old press clippings is carried out regularly. Most of the press clippings are retained for one year. Important clippings of lasting value and those having a bearing on constitutional, parliamentary and legal subjects are retained permanently after scrutiny.

MEMBER'S REFERENCE SERVICE:

The Member's Reference Service organizes the dissemination of factual, objective and latest information to the Members of Legislature within the time stipulated by them. The subjects on which information is provided are usually varied and have a wide compass covering both their State and National dimensions. The subjects cover issues taken up discussion/deliberation in the Legislative Assembly and Council through the

parliamentary device of Questions and/or through legislative measures like Government Bills or Private Member's Bills and Resolutions. The information requirement of a Member is in keeping with his/her multiple functional roles as a legislator. Members may hand over the written requisitions either at the Reading Room situated at Opposition Lounge (During Session period) indicating clearly and precisely the specific points on which information is desired by them. They also have the option to convey their requirements over telephone or direct to the staff in the Research and Reference Section situated at Room No.19, Ground Floor, Vidhana Soudha.

The Members Reference Service caters to the information needs of Members both in Kannada and English as per their choice. PRESIDENT'S ADDRESS

SPEECH BY THE PRESIDENT OF INDIA ON THE OCCASION OF THE INAUGURATION OF SUVARNA SOUDHA BUILDING AT BELGAUM, KARNATAKA ON 11TH OCTOBER 2012

Ladies and Gentlemen,

I am privileged to be amongst you on this happy occasion**.** This beautiful structure stands on sacred soil, which was once ruled by the great queen Kittur Chennamma, who challenged the colonial powers. Lokmanya Bal Gangadhar Tilak launched the Home Rule League from Belgaum in 1916 with the words Freedom is my birthright. Mahatma Gandhiji presided over the historic Congress Session at Belgaum in 1924, the only occasion the Mahatma chaired any session of the Indian National Congress. Encouraged by the Congress session, people from Belgaum took active part in the freedom movement.

I understand Belgaum used to be known as Venu Grama (Village of the flute). Today, this region is the Sugar bowl of the State. It has made immense contribution to Karnataka's history, education, literature, culture and economy.

True to its name, Belgaum is known for music, especially Hindustani music. Many stalwarts like Kumar Gandharva, Mallikarjuna Mansur, Gangubai Hangal and Bhimsen Joshi come from this area and have added glory to Indian classical music. The Belgaum session of the Indian National Congress witnessed a Kannada song by Gangubhai Hangal. The 12th century thinker, social reformer, saint and religious teacher Basaveshwara lived in this part of the State and brought about sweeping social change in Karnataka and surrounding region.

This Suvarna Soudha is inheritor of a proud and glorious tradition. Democratic process started in erstwhile Mysore state much before the rest of the country. Maharaja Chamaraj Wadiyar established the Mysore Representative Assembly way back in 1881 and his son Maharaja Krishnaraj

Wadiyar established a Legislative Council in 1907. Erstwhile Mysore was amongst the first princely states in India to start the formation of democratic institutions with a view to associating representatives of the people in the process of administration.

This Representative Assembly saw several transformations and evolved into a mature house of legislation which is what we see today in the form of the bi-cameral house of Karnataka Legislative Assembly and Karnataka Legislative Council. I hope the northern districts of the State will now be much closer to governance and this will ensure balanced growth and development of the State by removing social, economical and educational imbalances. The Special Development Plan with the support of all political parties and the recommendations of the Dr. D.M. Nanjundappa High Level Committee on Redressal of Regional Imbalances which is being implemented across the state should help Karnataka achieve all round progress.

I am happy to inaugurate the "Suvarna Soudha", built by the Karnataka Government at Belgaum in commemoration of the Golden Jubilee Celebrations of the formation of the State. I dedicate this second seat of legislature to the people of Karnataka and hope that it shall prove to be the epitome of good governance, bringing welfare and prosperity to the common man whose interests should be paramount in our political system.

Thank you,

Jai Hind!
